Subject matter: Application #09/927,035

Dear Mr. Hunter:

I write concerning our previous submission of an Amendment To Application Number 09,927,035 request for confirmation of receipt and approval letter. Please find enclosed another of our client's originals concerning the intended Amendment To Original Application Number 09,927,035 [hereinafter "Amendment"]. As of this date, we have not received confirmation of said Amendment and wish to be notified that the United State Patent And Trademark Office has made such change as requested.

Further, Mr. Redwine continues to receive mail directly from your offices, which both delays and confuses the process tremendously. Please confirm receipt (a self-addressed envelope is enclosed herein) and subsequent approval of the original Amendment submission. The prior submission was returned by your offices due to lack of a signature from both inventors. This conflict was corrected in October of 2003 and forwarded on a second occasion for entry and approval of same.

We appreciate your reply and any telephone communication to this firm, as desired by the USPTO.

Kindly,

R. A. Anderson
